

PUBLIC SERVICE COMPANY OF OKLAHOMA
Rate Options for Commercial & Industrial Customers

The following information is a summary of electric service rates available to PSO's commercial and industrial customers. The rate options available to each customer depends upon the type of service required, electric usage patterns and hours of operation. Please call PSO if you experience or anticipate a significant change in your electrical usage due to change, expansion or reduction of facilities, or hours of operation. We will assist you in determining the best rate option available for your business situation.

Power and Light Secondary (PL) Rate Codes 250* & 251* Effective Date 10-26-07

This rate schedule is available on an annual basis to customers who take service from distribution secondary lines or transformers. A customer is eligible for this schedule only if the customer has an average On-Peak season monthly usage greater than 8,000 kilowatt-hours (kWh).

- Base Service Charge**: \$64.00 per month (all months)
- Energy Charge: 4.01¢ per kWh for all kWh used
- Demand Charge: \$5.91 per billing kW
- Reactive Power Charge: (All months) \$0.31 per excess RKVA (over 30%) of monthly maximum kW requirement
- During the On-Peak billing months (June-October) the billing kW is the greater of A or B (below)
- During the Off-Peak billing months (November-May) the billing kW is the greater of B, C or D (below)
 - A. the current month's maximum demand
 - B. 90% of the highest demand during any previous applicable On-Peak month during the preceding 11 months
 - C. 50% of the highest demand during any previous applicable Off-Peak month during the preceding 11 months
 - D. 50% of the current month's maximum demand

Minimum monthly bill: Base Service Charge plus the demand charges

* The Metering Adjustment Rider may apply to these rates.

**Base Service Charge will be increased to \$114.00 per month if Company provides telephone line.

Large Power and Light (LPL 1-3) 242*, 244* & 246* (Base Service) Effective Date 10-26-07

These rates are available to any Service Level 1, 2 or 3 retail customer as described below:

- Rate Code 242* - service from transmission system (69kV or greater) with no transformation provided by PSO
- Rate Code 244* - service from transmission system (69kV or greater) with one transformation provided by PSO
- Rate Code 246* - service from primary distribution line (34kV or lower) with one PSO transformation from 69kv or higher transmission system or service from primary system or service from primary distribution line at 2.4kV to 34 kV with more than one PSO transformation.

	Rate Code *242	Rate Code *244	Rate Code *246	
Base Service Charge**:	\$250.00	\$250.00	\$250.00	per month
Energy Charge:	3.590¢	3.600¢	3.660¢	per kilowatt-hour (kWh)
Demand Charges:				
Peak Demand Charge	\$3.78	\$4.00	\$4.78	per kilowatt (kW)
Monthly Maximum Demand	\$0.37	\$0.60	\$0.87	per kilowatt (kW)
Reactive Power Charge: (All months)	\$0.33	\$0.33	\$0.31	per excess RKVA (over 30%) of actual kW per month

June 1 – September 30 – the PEAK DEMAND billing kW is greater of A or B (below)

October 1 – May 31 – the PEAK DEMAND billing kW is B or C (below)

- A. The current month's maximum On-Peak period (2:00p.m. to 9:00p.m.) demand
- B. 90% of the highest On-Peak period (2:00p.m. to 9:00p.m.) demand during the preceding eleven months
- C. 75% of the current month's maximum demand if no On-Peak season demand is available

Minimum Monthly Bill: the Base Service Charge plus the demand charges

**Base Service Charge will be reduced to \$200.00 per month if Customer provides telephone line.

Customers who demonstrate an average 15-minute peak demand of not less than 1,000 kW may be eligible for PSO's Real Time Pricing Program. Please call PSO at 1-888-216-3523 for more details.

PUBLIC SERVICE COMPANY OF OKLAHOMA
Rate Options for Commercial & Industrial Customers

The following information is a summary of electric service rates available to PSO's commercial and industrial customers. The rate options available to each customer depends upon the type of service required, electric usage patterns and hours of operation. Please call PSO if you experience or anticipate a significant change in your electrical usage due to change, expansion or reduction of facilities, or hours of operation. We will assist you in determining the best rate option available for your business situation.

Limited Usage General Service (LUGS) Rate Codes 262, 264, 265 & 267

Effective Date 10-26-07

This rate schedule is available on an annual basis to retail customers who: 1) take service from distribution secondary lines or transformers; or 2) take service below 2.4kV with a second transformation provided by the Company. Customer's average On-Peak monthly usage must be less than 8,000 kWh. At the end of the On-Peak season the daily average usage cannot exceed 266.67 kWh. When the On-Peak season total exceeds 40,000 kWh, the customer will be billed under the applicable GS or PL schedule. The LUGS rate will not be available again before the end of the next On-Peak season.

Base Service Charge:	\$30.00 per month (all months)	Minimum Monthly Bill:	\$30.00
On-Peak Billing Months:	(June-October)	Off-Peak Billing Months:	(November-May)
First 1,500 kilowatt-hours	5.90¢ per kWh	First 1,200 kilowatt-hours	5.27¢ per kWh
All additional kilowatt-hours	6.31¢ per kWh	All additional kilowatt-hours	4.44¢ per kWh
Reactive Power Charge: (All months) \$0.31 per excess RKVA (over 30%) of monthly maximum kW requirement.			

The following rates are available to customers whose On-Peak season usage exceeds the maximum requirement for the LUGS rate (above):

General Service (GS) Rate Codes 252, 254 & 255

Effective Date 10-26-07

This rate is available on an annual basis to retail customers who: 1) take service at secondary voltage or 2) take service below 2.4kV with a second transformation provided by the Company.

Base Service Charge*:	\$49.00 per month (all months)
Energy Charge:	
On-Peak Billing Months:	(June-October) inclusive
7.12¢ per kilowatt-hour (kWh) for all kWh up to a maximum level equal to 150 times the current month maximum kilowatt (kW)	
6.53¢ per kilowatt-hour (kWh) for the next block up to a maximum level equal to 150 times the current month maximum kilowatt (kW)	
4.68¢ per kilowatt-hour (kWh) for all additional kWh used	
Off-Peak Billing Months:	(November-May) inclusive
5.90¢ per kilowatt-hour (kWh) for all kWh up to a maximum level equal to 150 times the current month maximum kilowatt (kW)	
5.40¢ per kilowatt-hour (kWh) for the next block up to a maximum level equal to 150 times the current month maximum kilowatt (kW)	
4.54¢ per kilowatt-hour for all additional kWh used	
Reactive Power Charge: (All months) \$0.31 per excess RKVA (over 30%) of monthly maximum kW requirement	
*Base Service Charge will be increased to \$99.00 per month if Company provides telephone line.	

Upon your request, PSO will assist in evaluating rate alternatives at no additional cost to you. In order to calculate your monthly bill using the above rates, use the appropriate fuel cost adjustment which is shown on each month's bill. If rate codes appear on your statement which are not included in this summary please contact PSO at 1-888-216-3523 for more details.
