Website: www.americantransferok.com

American Transfer is a family-owned and managed equipment relocation specialist business that has been serving Tulsa since 1923. Specializing in heavy hauling, American does industrial plant moves, moving and setting of industrial machine tools, moving of contractor's equipment (back-hoes, graders) and concrete traffic barriers. American also works with forklifts and cranes to load and reposition loads, and offloads their vehicles and other's vehicles. Most of American's work is within 50 miles of the Tulsa Metro area. They have authority for up to 25- miles, which includes OK, AR, MO and KS. American's work is divided between crane and forklift projects and moving or trucking. Click on American's website to view some of their equipment.
