American Transfer is a family-owned and managed equipment and relocation specialist business that has been serving Tulsa since 1923. Specializing in heavy hauling, American does industrial plant moves, moving and setting of industrial machine tools, moving of contractor's equipment (backhoes, graders) and concrete traffic barriers. American also works with forklifts and cranes to load and reposition loads, and offloads their vehicles and other's vehicles. Most of American's work is within 50 miles of the Tulsa Metro area. They have authority for up to 250 miles, which includes OK, AR, MO and KS. American's work is divided between crane and forklift projects and moving or trucking. Click on American's website to view some of their equipment.

### **Barnhart Crane & Rigging**

Established in 1969, Barnhart Crane & Rigging Company is a leading national supplier of specialized heavy rigging and transportation solutions. The company, with 13 locations across the United States, also provides crane services, machinery moving and plant relocations, as well as project cargo logistics and heavy equipment storage at its 100-acre, 700,000-square-foot warehouse facility in Memphis, Tenn. Barnhart Crane & Rigging, an ISO 9001 certified supplier, also operates terminal facilities at the Port of Memphis, Decatur, Alabama, and the deepwater Port of Mobile, Alabama.
